(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Sept. 13.—John W. Castles, president of the Union Trust Company, and a director of other well-known corporations, committed suicide by cutting his throat to-night, at the Grand Union Hotel.

His body was found shortly before 9 o'clock tonight by his brother, Barton S. Castles, who immediately summoned

a physician, but Mr. Castles was beyond aid. He left no note and his brother ascribed his act to a nervous breakdown.

Mr. Castles, accompanied by his brother and a friend, left his home at the hotel three days ago and procured adjoining rooms. The brother intended, according to the hotel authorities, to look after Mr. Castles while he was in such a nervous condition and Mr. Spring volunteered his assistance.

For some reason the banker was left alone and on returning Barton S. Castles found his door locked. In alarm the door was forced open and the tragedy revealed.

Mr. Castles is survived by his widow, Elizabeth, and a daughter and a son, Frances and John W. Castles.

HEAD OF A BIG COMPANY.

The Union Trust Company, of which Mr. Castles was president, is one of the largest institutions of its kind in the city and is situated at No. 50 Broadway, in the heart of the financial district. Up to 1908, it was paying dividends of 50 per cent, and is now considered one of the strongest banks in the country. Its surplus and profits amount to \$8,128,770 and its loans and discounts to \$28,184,680, while the deposits total nearly \$60,000,000.

Mr. Castles also was a director of the Central Park North and East River Railroad Company, the Chesapeake & Ohio Railway Company, the Hanover National Bank of this city, and other corporations. He was United States trustee for the Northern Assurance Company, Limited, of London.

John W. B. Thayer, secretary and second vice-president of the Union Trust Company, said tonight that Mr. Castles had been in poor health for some months, suffering with a general nervous breakdown. He said that

(BY DIRECT WIRE TO THE TIMES.)

CINCINNATI (O.) Sept. 13.—[Exclusive Dispatch.] Special Examiner Harry Waddell, who has been examining the public bath-houses of this section of the State of Ohio, has completed a unique report to Gov. Harmon, in which he asks that women be pleaded with to use shower baths and to save the cities thousands of dollars by so doing.

His report says that it costs the city or State 2 cents to bathe the ordinary man at a public bath-house. That is because he will use the shower arrangement. But will women do this? No, sir, not women. Only fifteen out of 10,000 bathed here the past year have consented to use the shower.

financial matters had no bearing whatever on the case.

ACID AT HAND.

On a dresser near the bed there was an eight-ounce bottle, unlabeled, but containing a pungent acid. Whether Mr. Castles had taken any of this before cutting his throat had not been ascertained tonight.

Mr. Castles had little connection with the Union Trust Company since assuming the presidency of the institution on January 1, last, when he succeeded Edward King.

Not long ago Mr. Castles' condition became so serious that he was sent to a sanitarium at Kerhonkson, N. Y., where he remained for three months. At times he returned to New York, accompanied by an attendant. On Wednesday last, he came down on the latest of these trips and for the first time during his illness was allowed to go to the bank today unattended.

Alexander S. Cochran, a director of the Union Trust Company, speaking officially for that institution, declared the suicide had no bearing whatever upon financial matters. He was simply an overworked man, was Mr. Cochran's explanation.

CAME FROM SOUTH.

Coming originally from the South, where he was well known in Texas, Mr. Castles had been in the city since 1907.

Mr. Castles had been in the city since 1907, and on the opening of the new year became president of the Union Trust Company.

The Union Trust Company numbers among its directors some of the most prominent men in the city, including W. E. Miller, Roosevelt, James Speyer, Walter Goetz, Adrian Inell, Jr., and others. Augustus W. Kelley, the first vice-president, has conducted the affairs of the institution during Mr. Castles' illness.

Mr. Castles had large interests in Texas, and was at one time president of the Hibernian Trust Company of New Orleans.

DINGWALL (Scotland) Sept. 13.—Most of the royal guests have arrived here for the wedding of Prince Miguel of Braganza and Miss Anita Stewart, daughter of Mrs. James Henry Smith of New York, which will be celebrated September 15. A deputation of the employees of the estate, which Mrs. Smith has taken for the season, gave the bride-elect today a beautiful "quail" the oldest form of Highland dancing, in which they toasted the couple with Highland honors.

Emperor Francis Joseph of Austria has invited Prince Miguel and his bride to visit Austria as soon after the wedding as possible.

FOUR ARE DROWNED  
IN ALASKAN TORRENT.

(ASSOCIATED PRESS NIGHT REPORT.)

CORDOVA (Alaska) Sept. 13.—Four men were drowned today when a small boat, containing a party of five descending from the mine of George Esterly, on the Nastina River, was swamped just after passing through Box Canyon. The only one of the five to escape drowning was Hamilton Andrus, son of Congressman John E. Andrus of Yonkers, N. Y.

The four men who lost their lives were James Hinton, Robert Furr, Benjamin Mullendorf and David Furr. A swift current drove their boat against a high bluff, wrecking the light craft.

By chance Andrus was carried several hundred yards downstream, and was washed ashore unhurt. The other men were swept out of sight down the river. Andrus camped on shore until a passing boat came to his rescue.

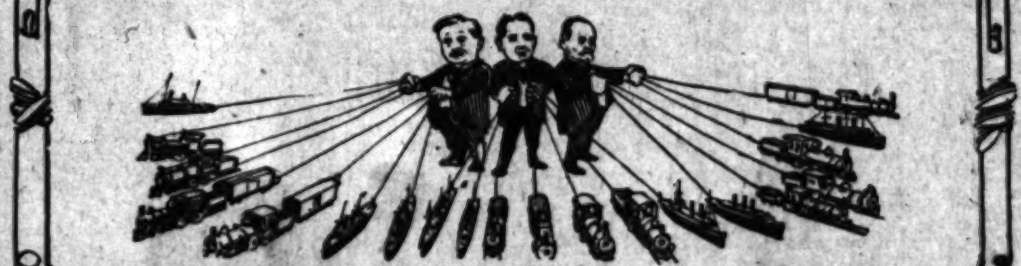

Search was made for the bodies of the other men, but only that of Hinton, bruised and cut by the sharp rocks in the rapids, was recovered.

Andrus returned to the mine to notify Esterly of the mishap. The body of Hinton was buried on the shore near where it was recovered.

(BY DIRECT WIRE TO THE TIMES.)

MEXICO CITY, Sept. 13.—James D. Schuyler, an American engineer who recently accompanied the Panama Canal, declared in an interview today that the rush of water in the recent Monterey flood, which destroyed millions of dollars worth of property and thousands of lives, exceeded the flow of Niagara by 45,000 cubic feet per second. He based his statements on records furnished him by competent engineers.

Mr. Schuyler said:

"The volume of water that swept down the Santa Catarina River during the flood was about 270,000 cubic feet per second. Niagara, I understand, carries a volume of water amounting to 220,000 cubic feet per second. The Santa Catarina watershed comprises 54 square miles, so that the estimated discharge of water during the height of the flood was 500 cubic feet per second per square mile. The discharge at Estanzuela was 325 cubic feet per second per square mile."

"The highest flood ever heard of before was not more than 150 cubic feet of water per second per square mile. As much as 20.18 inches of rain fell in Monterey in ninety-eight hours from August 26 to August 29. A few days before that time 14 inches fell in forty-two hours, making a total rainfall of 34.18 inches in 140 hours."

(BY DIRECT WIRE TO THE TIMES.)

PORTLAND, Sept. 13.—[Exclusive Dispatch.] Charged with murder in having run down and killed Mrs. May Reel on the Linton road on the night of August 4, Mrs. Clifford Maddux, wife of a patrolman, and Frank E. Rodman, a chauffeur, tonight occupied cells in the County Jail, held without bail.

The arrest of the couple followed their indictment by the grand jury today, and is the climax of an investigation that has been in progress ever since the tragedy. Mrs. Reel was a member of an automobile party, which had left the car when it broke down, and was walking along the road.

Rodman and Mrs. Maddux were out for a joy ride, and it is alleged they ran down and killed the woman while traveling at terrific speed.

Western Line.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Sept. 13.—The continuance of the Harriman policies in the management of the Union Pacific, Southern Pacific and the chair of allied railroads was made certain today, temporarily at least, when Robert S. Lovett, E. H. Harriman's personal counsel and close friend, was elected to succeed Mr. Harriman as the head of the Union Pacific Executive Committee.

To strengthen further the dominance of "Harriman ideas," Jacob H. Schiff and William Rockefeller were elected directors in place of Mr. Harriman and the late H. H. Rogers, and were chosen to places on the Executive Committee.

The Union Pacific remains without a president, as Mr. Harriman occupied this position also. It is understood, however, that an operating man, probably L. F. Lorce, president of the Delaware & Hudson, will be elected by the stockholders October 15.

Proxies for this meeting already are in the hands of ex-Judge Lovett and Alexander Miller, secretary of the Union Pacific, and seem to guarantee that the election will be dictated by the Harriman interests.

LOVETT WELL FITTED.

Ex-Judge Lovett's office is the most prominent in the management and financial supervision of the Union Pacific. His close association with Mr. Harriman makes him, in the opinion of the Harriman household, peculiarly fitted to assume the responsibilities of the position. He and Mr. Lorce are closely familiar with Mr. Harriman's plans and dreams for the undeveloped territory over which he hoped to push the ascendancy of his railroad system.

The Southern Pacific directors will meet tomorrow. It is taken for granted that their action is fully forecasted by today's meeting, that Judge Lovett will be seated as chairman of the Executive Committee also, in Mr. Harriman's place, with Jacob H. Schiff or some other partner in the firm of Kuhn, Loeb & Co. at his right hand as director and member of the Executive Committee.

Wall street manifested more than usual interest in the election, in view of the rumors that a member of J. P. Morgan & Co. would be elected to the Union Pacific board. No such change developed and, as it stands today, the Executive Committee remains, in the parlance of the "street," a "Kuhn-Loeb-Standard Oil" board.

For, besides ex-Judge Lovett, Jacob H. Schiff and William Rockefeller, the members are H. C. Frick of Pittsburgh; Marvin Hughitt, president of the Chicago and Northwestern, and Frank A. Vanderbilt of the National City Bank.

MORGAN FAILURE SURPRISE.

The failure of the Morgan interests to gain a place on the reconstructed board was a surprise to Wall street, where the last week's rumors had been given general credence. It was pointed out tonight, however, that possibly the Morgan interests, fearing disastrous results from any radical changes at this time, may have purposely postponed the selection of a representative until the regular annual election in October.

Of the two new members, the election of Jacob H. Schiff attracted the widest comment, for the reason that the firm of Kuhn, Loeb & Co. formally withdrew a few years ago from active participation in the management of all the railroads for which they acted as bankers.

No statement could be obtained from Mr. Schiff as to the apparent change, but it was authoritatively stated that the interests of Kuhn, Loeb & Co. and of their powerful foreign connections had become so important in Union Pacific that it was believed unwise for the firm longer to remain aloof from participation in the government of the road. Ex-Judge Lovett, who now becomes for the moment one of the most prominent railroad men in the public eye, came to New York in 1904. Born in Texas forty-nine years ago, he entered the railroad business while a boy as a freight clerk, he studied law at night and eventually became a country counsel for the road, journeying from village to village and devoting his talents principally to settling cattle cases.

Later the receivers made him a director.

PRETTY TENNIS  
AT DEL MONTE.Miss Sutton and Freeman  
Win Semi-Finals.To Meet Miss Hotchkiss and  
Hardy in Finals.Rogers and Herd in Matches  
of Juniors Today.

(BY DIRECT WIRE TO THE TIMES.)

DEL MONTE, Sept. 12.—[Exclusive Dispatch.] Through today's play in the Coast championship tennis tournament, the mixed doubles was completed to the finals, and the junior championships in both doubles and singles were played to the semi-finals.

The best matches of the day were the two mixed doubles, semi-finals. These were expected to be close, and interesting, and the expectation was fulfilled. Miss Florence Sutton and L. Freeman beat Mrs. Bruce and Charles Rogers in a hard-fought three-set match, the score in games being 6-2, 6-4, 6-3.

Beautiful tennis was shown by all four contestants throughout the match. Miss Sutton, in particular, seemed to have extraordinary control of the ball, and made almost no errors. Freeman added many points on his terrific smashes, and seemed able to cover the entire net, while Rogers and Mrs. Bruce, by well-placed shots, extended him to the limit. The losers in this match were somewhat handicapped on account of Rogers having been obliged to compete previously in two singles, and one doubles match in the junior championship. However, all of his "junior" matches were easy for him, and he showed little ill effect from them.

While the first and third sets of this match were each won 6-2, the points were so well fought that the game score failed to give a fair idea of the contest. It also must be noted that which were thoroughly appreciated by a large number of spectators.

**BRILLIANT TENNIS.**  
The other semi-final was won by Miss Hazel Hotchkiss and Dr. Sumner Hardy from Charles Foley and Miss Golda Meyer. This match was the most brilliant of the day, and the pace set was faster than in the semi-finals. On the other hand, more errors were made by the players in their efforts to earn points in short order.

The noticeable features of this match were the smashing of Foley and Hotchkiss, Hardy and his partner excelled in ability to work their opponents out of position and take advantage of that state of affairs with cleverly executed strokes.

This, in the long run, won them two hard-earned sets by the score of 6-4, 7-5. From all appearances, the mixed doubles final will be the most interesting event in the tournament.

**JUNIOR CONTESTS.**  
In the junior championships all the weaker players have been eliminated from the contests without a reversal of form in the entire programme, and as a result the four best players in the singles will compete against each other in the semi-finals. The survivors in singles are William Johnston, Charles Rogers, John Strachan and C. Herd. In doubles, Rogers and Herd have reached the semi-finals and will meet the winner of the match between Johnston and Strachan against Holman and Wood.

The play of John Strachan, the fourteen-year-old wonder from the Golden Gate Club, is exciting a great deal of interest. The youngster is short for his age, but seems able to execute the most difficult shots. He smashes, drives, chops and volleys with as much freedom and decision as the oldest veteran in the ranks.

**Summaries of today's play:**  
Mixed double semi-final—Miss F. Sutton and L. Freeman beat Mrs. Bruce and Charles Rogers, 6-2, 6-4, 6-3; Miss H. Hotchkiss and Dr. Hardy beat Miss Golda Meyer and C. Foley, 6-4, 6-3.

**Junior championships, singles—C. Rogers beat E. Griffiths, 6-4, 6-1; H. Hotchkiss beat W. Johnston, 6-4, 6-1; J. Strachan beat J. Wood, 6-4, 6-1; J. Strachan beat J. Smith, 6-4, 6-1; C. Rogers beat H. Hotchkiss, 6-3, 6-4; J. Strachan beat J. Holman, 6-3, 6-4; Herd beat E. Huff, 6-2, 6-4.**  
**Doubles—Rogers and Herd beat Griffiths and Huff, 6-4, 6-1; Strachan beat Smith and Goldworthy, 6-4, 6-1; Rogers and Herd beat C. Hotchkiss and W. Johnston, 6-4, 6-1.**  
**Schedule for Tuesday:**  
Final mixed double—Miss F. Sutton and L. Freeman against Mrs. Bruce and Dr. Hardy against Miss F. Sutton and L. Freeman.  
**Ladies' singles, semi-finals—Miss G. Meyer and Miss F. Sutton; Miss H. Hotchkiss and Miss A. Holman.**  
**Junior singles—W. Johnston and C. Rogers; J. Strachan and C. Herd.**  
**Junior doubles—Rogers and Strachan; Holman and Wood.**

**AMERICANS WIN.**  
**TO CHALLENGE AUSTRALIANS.**  
[ASSOCIATED PRESS WIRE REPORT.]

PHILADELPHIA, Sept. 12.—America won today from Great Britain in the third and decisive match of the Davis Cup Lawn Tennis on the courts of the Germantown Cricket Club.  
E. D. Little and H. H. Hackett defeated J. C. Parks and C. C. Cravely in the doubles, 3-6, 6-4, 6-4, 6-4. This decides the preliminary tie and makes America the challenger nation against Australia, which now holds the coveted blue ribbon of the tennis world.

Tomorrow the single matches will be continued with Larned meeting Parks and W. G. Clothier playing C. D. Dixon. The result of these matches, however, will not affect the championship.

The veteran Little seems to be the main objective of the attack and they subjected him to a merciless bombardment of drives and smashes. Parks seemed the best of the Englishmen, although he was uncertain overhead and his errors in this respect were largely responsible for the loss of the final set.

PHILADELPHIA, Sept. 12.—Miss E. Long, Pacific Coast champion, was defeated here today in a hard-fought five-set match, by Wallace F. Johnson, of Pennsylvania University, for the intercollegiate tennis championship. Long represented the University of California. Johnson earned his victory in the singles over the Pacific Coast and Western champion by better all-

around playing, coupled with the ability to take advantage of his opponent's mistakes.

**Summary:**  
Championship singles, final match—Wallace Johnson of the University of Pennsylvania beat E. Long of the University of California, 6-4, 3-6, 6-2, 6-4, 6-4.

The final match in the championship doubles, scheduled to be played this afternoon between Johnson and Thayer of the University of Pennsylvania, and Gardner and Sweetser of Harvard was postponed until tomorrow by mutual consent, to allow the contestants to witness the international matches at Mannheim.

Gentle H. and Zomaltz furnished contribution, but the crippled Geers had to hold tight to keep the stallion from losing his field.

In the 2:15 trot Wilkinson took the first heat, but after that Sid Todd settled to a winning pace and took three straight heats, with Wilkinson finishing far in the rear, except in the last heat, when he took third.

Hooper Prince won the pace in straight heats in the best time of the day, with Halile Direct second and Flora Coffee third. Galista 8, was distanced in the first heat after a bad break.

(BY DIRECT WIRE TO THE TIMES.)

There will be no fight between Jack Johnson and Jim Barry. At least Manager McCarty has about given up all hope of having Barry meet the champion. "In fact, it is believed that in a day or two Barry will shake the dust of Southern California from his feet and hike eastward. There are plenty of fight fans who do not care whether he ever comes back.

Some charge openly that Barry has been "sold" but when he rose and told the account of how Johnson handled Kaufman at San Francisco—the same Kaufman who beat Barry at Vernon—Barry's neck began to swell and various ailments appeared. To Barry justice, he did have a complaint of the throat and had a tonsil out, but those who profess to know say that the ailment was sufficient to call off the fight altogether.

It is believed that Barry calculated that it was hardly worth while for him to take a fight against the negro for \$1000, when he could make that much in a winning fight against other "scrappers." It probably looked to him as though he had little chance to pull down the championship against the champion.

McCarty professes to have learned a lesson in the managerial game and says he will not make special efforts to sign up stars. When a pair comes along ready to meet the promoters half-way, he will be ready to do business. Otherwise he will put on weekly cards between those who are on hand ready to fight. He believes that these youngsters fight harder in their efforts to win a round bout at Bedford Athletic Club in Brooklyn tonight. There was not a time when Wagner had a "hook-in" and at the end Joe was a sorry looking fighter.

**AGREE ON WEIGHT.**  
Austin and Cleveland have quit the bantamweight, which has characterized their efforts to get together for the past six months and yesterday they agreed to make 105 at 3 o'clock on the day of the match, which will call for ten rounds of boxing.

Austin and Cleveland really have remarkable records. Austin has met all of the paperweights and Gene Sullivan has come out victorious in all but one. He has given away weight on many occasions but the promoter has made him in his recent work has kept pace with the character of his opponents.

Cleveland is a natural 115-pound boy, but he, too, has been obliged to give away much weight in order to get together. He has shown that he is the Naud game that he is one of the cleverest in his division and the most natural fighter in the world.

**Summaries:**  
San Coulter proved such a mystery to Venice when he hooked up with Herd White that the fans will be glad of a chance to see the ex-amateur lightweight champion matched with a local contender. Gene Sullivan was found and the two should put up a scientific contest, for each was clever enough to win a local honor in the amateur division. They will weigh in at 3 o'clock and the figure is the regular lightweight mark—121 pounds.

COY FAILS TO REPORT.  
NEW HAVEN (Ct.) Sept. 12.—Capt. Edward H. Coy, the fullback of the Yale football team, will be unable to join the Yale football squad next Monday and take charge of the preliminary practice. Recently Coy submitted to a minor operation, and he has been advised to remain in the hospital a few days longer to insure complete recovery.FOOTBALL AT STANFORD.  
STANFORD UNIVERSITY, Sept. 12.—[Exclusive Dispatch.] The seniors defeated the juniors, 9 to 6, in the intercollegiate football series this afternoon. The seniors won the freshman, 2 to 0. The "Babies" resisted stubbornly and their opponents did not score until within minutes of the end of the game. Capt. Mitchell, 78, of Los Angeles, did not play with the seniors, as he has an injured forearm.Meeting at Belmont.  
NEW YORK, Sept. 12.—The Westchester Racing Association has announced the programme for the fall meeting at Belmont Park. There will be twelve consecutive racing days from September 28 to October 13. The most important event is the Matron Stakes, to be run on September 23.

French exports to the United States, instead of diminishing, have increased under the new tariff. The total for the month of August shows an increase of 10 per cent over that of July. The greatest increase was in hides, which are being rushed over to America in such quantities as to alarm French manufacturers, who foresee that America may monopolize the tanning industry and oblige them to import their leather.

**ARKANSAS LID ON.**  
**GOVERNOR'S WIFE ACTIVE.**  
[ASSOCIATED PRESS WIRE REPORT.]  
LITTLE ROCK (Ark.) Sept. 12.—Following the personal complaint of the wife of Gov. Donaghey, there will be no more so-called boxing matches in Arkansas, if the shorts of the various counties obey the order of the Governor to carry out the law against game contests.

Miss Donaghey, an ardent baseball enthusiast, lover of football and other outdoor sports, called the attention of her husband to the revival of pugilism in Helena, and registered a complaint, stating that "prize fighting" is not only brutal, but that it is the only form of sport that is entirely un-American. Gov. Donaghey has notified the Helena authorities that the law is plain, that in his opinion all forms of boxing matches are "prize fights," and as such are forbidden by the law.

**Match Lewis and Burke.**  
**NEW YORK, Sept. 12.—**Willie Lewis and Sailor Burke have signed articles to meet again in a ten-round bout in this city on September 14. The weight is fixed at 155 pounds at 6 o'clock, but it is not likely that Lewis will weigh more than 165.

**McGovern Beats Wagner.**  
**NEW YORK, Sept. 12.—**[Exclusive Dispatch.] Phil McGovern, youngest son of the late Senator McGovern, completely outfought and outboxed Joe Wagner, premier bantamweight of the city, in a ten-round bout at the Bedford Athletic Club in Brooklyn tonight. There was not a time when Wagner had a "hook-in" and at the end Joe was a sorry looking fighter.

**National League Umpire.**

But Mr. Martin says for two years, the water has been so low that during conversion the greatest difficulty is exposing the canal. "The equipment is falling behind," he says.

Mr. Martin says the steel equipment has been used, and that train is now the only one left, which, according to Martin, will work more than 1,500,000 gallons of water a day.

Mr. Martin says the Southern Pacific has been paid more than \$100,000 for the Southern California people to build the canal this year the people are larger.

# BALD HEADS NOT WANTED

A Sign of Advanced Age.

A bald-headed person does not have an equal chance with one who is young and healthy. Baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Almost 65% of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should doubt our word, or hesitate to put our remedy to an actual test.

We want everyone in Los Angeles who is suffering from any scalp or hair trouble, dandruff, falling hair or baldness to try our Royal "23" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, lighten the hair to its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected, and we exact no obligation from the user whatsoever.

We are established right here in Los Angeles, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not care make the above offer unless we were positively certain that we could substantiate it in every particular. ## INFORMATION BUREAU.

Times Building, Office, No. 111 South Spring.  
 (For details see page 4, Part 1.)

## NEWS AND BUSINESS.

## Chances for Protest.

Notice was received yesterday from Washington, D. C., at the local United States Engineers' office, that an opportunity would be given until 4 p.m. September 12, for interested parties to submit any arguments for or against the application of the Newport Land Company, to fill in land at Balboa Island, Newport Bay.

## Republican Committee.

A meeting of Republican precinct committees will be held at 8 o'clock tomorrow evening at the headquarters of the City Central Committee, No. 1215 South Spring street. At that time it is expected that the list of places for the holding of the precinct caucuses Friday evening will be completed.

## Death is Sudden.

Mrs. Paula Martinez, aged about 45, died suddenly in her room at No. 341 Lyons street yesterday evening. According to the police reports she had been drinking heavily Sunday night and died of alcoholism. She was found by other inmates of the house. The body was taken to Pierce Bros. undertaking establishment.

## State Societies Plenic.

Plans were made last night at a meeting of the Federated State Societies for a joint picnic. It will be held on October 11. There are twenty-three societies in the federation, and permanent headquarters are to be established in the Chamber of Commerce building. Former Judge John H. Hays suggested the various societies parade before President Taft, who will be here on the day of the picnic.

## Grill Closed Early.

Mr. and Mrs. E. K. Fish and William Johnson, who were arrested at 3 o'clock Sunday morning for disturbing the peace, were at Fourth street and Broadway when closed under arrest. Manager Loomis of the Angelus started in the hotel grill, explaining that the grill closes every night at 9 o'clock, several hours before the fracas between the Fishes and Johnson.

## Lyon Indorsed.

The candidacy of Councilman Henry Lyon for reelection was indorsed last night by Republicans of the Seventh Ward, who gathered at his home at 1000 W. 12th street. The plan for the Republican convention of the 22nd district was indorsed and Robert Haas was selected leader for the Seventh Ward. The Seventh will have 12 delegates in the convention, to be elected at caucuses that will be held on the evening of the 17th inst.

Harry E. Langdon, a wealthy mine owner of Chihuahua, Mex., is at the Van Nuys. Mr. Langdon will leave tomorrow for Seattle and the exposition, before making an eastern trip.

Calvin K. Smith, the head of a manufacturing concern of New York, is at the Hayward. He will spend the winter in Southern California, and will be joined here later by his wife and family.

Frank G. Le Vane of St. Louis, accompanied by his wife, is a guest at the Alexandria. Mr. Le Vane is a wealthy produce merchant of St. Louis. He is en route to Shanghai, China, and a trip through the Orient.

## PREVIOUS POLICY IS MAINTAINED.

TO REFER ROAD MATTERS TO ADVISORY COMMITTEE.

But Its Engineer Will Not Receive Communications from Supervisors. Despite Request—Long Beach Annexation Petition Referred to District Attorney—Franchise Sale.

The Supervisors will adhere to their previous policy in regard to the Advisory Committee. Every document bearing in any way upon the work of the Highway Commission will be referred to the committee. This was decided at yesterday's meeting when a communication was read from the secretary of the Advisory Committee, requesting the board to send its communication to D. E. Halliday, consulting engineer for the committee.

"I think the committee has made a good selection," said Supervisor Eldridge, and all possible assistance will be given Mr. Halliday. But I believe the old order should stand, and that all information should be sent direct to the committee."

The majority of the board agreed with Eldridge.

Now that the new rock-crushing plant at Spadra is in operation, the Supervisors expect that work on the El Monte road will be pursued with vigor. Additional time was granted the contractor, as he was able to show it was not his fault that the work was not completed as called for in the original contract.

A petition from Long Beach, for permission to annex a strip of uninhabited territory along the east basin of its harbor, was referred to the District Attorney. Since the recent consolidation, the boundary of Los Angeles extends down the east side of the east basin to the Salt Lake Railroad, and thence west to the bay. This leaves a strip without ownership, and Long Beach is anxious to annex it. There will probably be no opposition.

A proposal to sell the county a few lots on Buena Vista street was referred to the Jail Committee.

A number of property owners in the section of the city west of the West Adams car line, petitioned the board to advertise for sale a franchise for a street railway line to extend from the end of the car line, just outside the city limits. There was some opposition from residents of the section, but the Supervisors finally decided to sell the franchise. It is not known whether the Pacific Electric cares to extend its line. The section in question is said to be rapidly growing, and it has no means of easy communication with the city.

The bid of W. N. Randall for the construction of a portion of the San Fernando road, was accepted, upon recommendation of the Highway Commission. The bid was \$185,000.

R. F. Davidson & Co. was awarded the contract for a culvert at Rowland, to cost \$245.

## NEW YORK FOR DEPEW.

Senator Depew Report That He Intends Going to California to Live.

[Associated Press Day Report.]

PARIS, Sept. 12.—Chauncey M. Depew, now in this city, has been annoyed by reports published in the United States, that he intends to move to California and live with a nephew, C. M. Depew. He says he has no such nephew.

Mr. Depew will return to New York October 2, to participate in the mayoralty campaign, as he has been named as one of the candidates for the position in the Chamber of Commerce building. Former Judge John H. Hays suggested the various societies parade before President Taft, who will be here on the day of the picnic.

"New York has treated me pretty well for seventy-five years," said the Senator today, "and I intend to round out the century on the banks of the Hudson."

## PROHIBITION WILL NOT SUCCEED.

Cardinal Gibbons is Against Liquor, But Believes in Reform from Within.

[Associated Press Day Report.]

BALTIMORE (M.S.) Sept. 12.—Prohibitionists all over the country are making an effort to suppress the use of intoxicating liquors, and while I hope they will succeed, I don't think they will. Reform must come from within and not from without. You cannot legislate for virtue.

Thus spoke Cardinal Gibbons yesterday while addressing a confirmation class.

"I believe," he continued, "that there is no vice like that of intemperance, no vice that is followed by such dire results. Its effects are found everywhere, and sometimes even among churchmen. No church should tolerate a clergyman who drinks."

Fret Administration.

Half Victory for Each from

Police Commission.

Violation of Law Winked at

Pending Adjustment.

Openly charging had faith on the

part of the Consolidation Committee

and the Council, and intimating the

salts of the Police Commission, a del-

egation of ministers from San Pedro

left the meeting of the commission

last night with half a victory over

the harbor liquor interests.

Standing by their bargain, as they

put it, to help consolidation under a

promise that the liquor situation would

not be disturbed, except as the laws

of the greater city dictated it, a

dozen saloon-keepers of the port

were sent away with another

half of victory.

For the second time the commission

failed to grant permits to the San

Pedro liquor dealers and postponed

action until the 25th inst., to give the

ministers a chance to file a protest

with the Council and have it acted on.

In the meantime, the commission

occupied the incongruous and ridicu-

lous position of straining to require

exact observance to the law and the

promise of the consolidation campaign

while it is permitting twelve saloons,

one wholesale house and four restaurants

of San Pedro to sell liquor without

any license or permit in fact.

The Mayor executed the promise last

night to the port liquor interests, re-

presented by Henry Stieglitz, former

Attorney of San Pedro, that they

would not be disturbed and "go on

just as you have."

State Equalizers Castigated

Resolutions favoring State division

and denouncing the three northern

members of the State Board of Equal-

ization were adopted yesterday after-

noon at a meeting of prominent mer-

chants, real estate men and others at

Symphony Hall, according to a view

of a conference of members of the

various civic bodies within the next

thirty days, when the matter of divi-

sion will be discussed with a view to

securing concerted action by all the

southern counties.

A resolution was adopted, declaring

against support of any State bond in-

crease, except that of \$1,200,000 for

San Diego harbor improvements, so long

as an unjust share of the State taxat-

ion is levied on the San Diego county.

The resolution also called for the

abolition of the State Board of Equal-

ization and its replacement by a

board of equalizers, one for each

county, to be elected by the people.

It was also resolved that the

State Board of Equalizers be

castigated for boosting taxes.

Resolutions favoring State division

members of the State Board of Equal-

ization were adopted yesterday after-

noon at a meeting of prominent mer-

chants, real estate men and others at

Symphony Hall, according to a view

of a conference of members of the

SMARTING REMARKS.

The left arm of Equalizers Alexander

Brooks of Milpitas, Harry Scott

of San Francisco, and Richard E. Col-

lins of Redding must have been

at the meeting, according to the

report of the board, which was

discussed for their action in

the heavy burden of taxation on

Southern California by raising the

assessed valuation of the southern

counties from \$100,000,000 to

\$1,200,000,000, at the same time

making virtually no change

in the northern counties.

One speaker was cheered loudly for

his suggestion of a plan to "get even"

with the northern counties at the next

State election against the proposed

issue of \$1,000,000 in bonds for the

improvement of San Francisco harbor,

and against the \$1,000,000 bond

issue for the India Bay improvement

in San Francisco.

A resolution to this effect was

adopted with a whoop.

George N. Black, acting president

of the County Board, called the meeting

to order. Two hundred men and

few women were present. Mr. Black

said that the County Board had been

called by the State Board of Equal-

ization several months ago to assist

that body in arriving at the true

valuation of the property in the

county, with a view to equalizing the

assessments.

The County Board gave figures on 111

Los Angeles city properties, but

requested the equalizers to gather from

other responsible sources the infor-

mation they sought on the value of

outside sections.

"I was amazed to see," said Mr. Black,

“VIOLET QUEEN” HERE WITH NEW HUSBAND.

THE "Violet King" is dead: Long

live the new husband of his widow.

The picturesque young woman,

Maudie Robinson, King-Queen, the

protégé, wife, then widow, of the

enormously-rich old man, James C. King,

whose mild passion was to give

violence away, has returned to Southern

California. But not as the queen of

the dead "Violet King" of Pasadena.

She has brought with her a new

husband to share her paltry million

or so from the King estate; and her

name is now Mrs. T. R. Chance.

Her husband is a dentist well known

in the fashionable "American colony"

of Paris. They are at the Hotel Vir-

ginia, Long Beach.

It seems that after the death of the

"Violet King" the executors had the

audacity to offer the young widow a

mere \$100,000 as her share, and her

indignation occasioned by the neces-

sity of making a stern demand for

about \$1,000,000 more (and getting it

seemed that she travel to relieve her

nerves.

She had been, as a young girl, of

Morrison, Ill., and old James C. King

had taken a platonic and fatherly in-

terest in her musical education, send-

ing her abroad.

As she grew up, he ceased sending

violence impartially to all the young

ladies about the hotel in Pasadena, and

sent them only to her.

She became the "Violet Queen" with

an agreement that she was to have

\$100,000 at her death, any agreement

she afterward repudiated and sailed

away for Europe a few years ago

with a few million to refund her

of her romantic marriage. The estate

hotels where the "Violet King" signed

as a famous character.

It is said that a demand was made

on the management of the hotel

that none of these old familiar

faces should be allowed to remain

and that a general rearrangement

was made so as to assure Mrs. King-

Queen that she would see no ac-

quainted people who had known her

before.

On arrival, Dr. and Mrs. Chance

went at once to their room, and

have scarcely been seen since. They

dine in private and preserve the strictest

seclusion.

Dr. Chance is regarded by some

as the hotel as a very handsome,

but very eccentric person who rings

fervently for messenger boys and then

is unable to remember why he wanted

them. On his few public appearances

he has been elegance and affability

personified.

Mrs. Chance was called up yester-

day afternoon by one of the news-

papers, which offered her a hearty

welcome home.

"My name in the paper," she cried

in a voice of horror. "Heavens! Not

that! I don't want anything said. No, I don't want even a men-

tion that we have arrived. I don't want

my name in the paper at all!"

Mr. and Mrs. E. G. Robinson and daughter, Jane, have returned to their home, No. 923 South Union avenue, after a visit to relatives in Memphis, Tenn.

**Return From Abroad.**  
Miss Lela Adele Morrison, daughter of Dr. N. H. Morrison of No. 1263 West Adams street, has returned after a year's travel in Europe.

**Outing Ended.**  
Mrs. J. H. Marshall and children, Josephine and Charles, of No. 221 North Union avenue, have returned after a six weeks' outing in Northern California. While away Mrs. Marshall paid a visit to her son, Sam F. Marshall of San Francisco.

**Mrs. McKee's Guests.**  
Miss Jean Sawyer Hooper of Denver, Colo., and the Misses Grace and Miriam Briggs of Richmond, Va., are guests of Mrs. McKee. Mrs. McKee, 1623 West Twenty-fourth street. Miss Hooper is the niece of Mrs. McKee.

**Surprise Party.**  
Miss May Horgan of No. 980 Denver avenue was pleasantly surprised by a number of friends Friday evening. They, ladies with Mrs. Horgan, had a "goodie" for refreshment, took complete possession of the house and transformed it in short order into a festive bower. A feature of the evening was a musical program, and Miss Horgan gave a reading.

**Shower for Bride-Elect.**  
A pretty shower was given recently by Miss Ethel Culver of No. 4264 South Flower street, in honor of Miss Grace Blackburn, whose marriage to Frederick Cook will be solemnized the latter part of the month. Refreshments were served at small tables, which were daintily with plumage, wedding bells and autumnal ferns. The young bride-elect was the recipient of many beautiful and useful gifts.

**Homecoming.**  
Mr. and Mrs. Barnes, Mr. and Mrs. Ellison, Mr. and Mrs. H. A. Moore, Mrs. W. H. Stubbins and H. LeChat made up a party from Hotel Zaida which left for a two weeks' outing at Lake Tahoe and other northern points recently.

Mrs. Cornelius C. Pettis and her niece, Miss Cora Pettis, of 547 South Fremont avenue, have returned from a month's trip to Seattle and other points in the North.

**Announcement.**  
Announcement is made of the marriage of Miss Ethel M. Bowers and Paul C. Staples of Sierra Madre, which took place last Wednesday at the Church of the Angels, Garvanza. Mr. and Mrs. Staples will reside in Sierra Madre.

**At Coronado.**  
Mr. and Mrs. William P. Dietrich of South Pasadena and Mrs. Charles Clayton Rice of Highland Park are spending a few weeks at Coronado and La Jolla.

**Lake Tahoe Visited.**  
Dr. and Mrs. H. R. Regan of No. 224 Thompson street, have returned after a month's vacation spent at Lake Tahoe, San Francisco and Catalina.

**Engaged.**  
Mrs. John Schilling announces the engagement of her daughter, Grace Elizabeth, to Dr. James Thomas Murray of Rochester, Minn.

## FACTS, FEATURES AND FANCIES FOR WOMEN

BY MISS SYDNEY FORD.

A woman who has lived abroad for many years says that Wiesbaden, in Germany, is the original "spotless town." Fancy a city of 150,000 people almost half as large as Los Angeles, where the streets are scrubbed every night and where servant girls employed by the residents are fined when they fail to sweep the sidewalks in front of their houses before 7 o'clock in the morning.

What would the Wiesbaden authorities say if they ordered to drop into Los Angeles some mopping just after the garbage collectors had made their rounds? Such a display of malodorous cans as would be their answer. And a mopping! How would it do to apply that custom of enforced sweeping of the sidewalks before 7 o'clock to the gathering in of the garbage cans promptly after they have been emptied? I have been surprised to notice in some of the best residence districts of our city that the empty cans are allowed to remain on the curbs long hours after the garbage collectors have made their rounds. This is not only untidy, but unsanitary. The cans should be taken in immediately after they are emptied and thoroughly cleaned. It doesn't take but a minute to rinse out the can, first throwing in a handful of some disinfectant to make it sweet and clean.

Wiesbaden, to my mind, is the most wonderful place in the world. I have traveled there, who has crossed the ocean thirty times and who is interviewed in the Washington Post. "It has been called a city of lodging-houses, and so it is. During the season from June to September there are more visitors than residents, and almost every house is appropriated to the entertainment of guests. In the large gardens it is the custom to sit at tables in the morning sipping coffee or tea, the men smoking and the women knitting. "The fastidious in Europe the people have learned how to live. Money is not the whole thing there as it is in America. The best of the best hotel accommodations in Wiesbaden for \$3 a day—the very best—equal to any in Washington or New York. Where is there a place in this country that 200 people can sit in the evening and enjoy classical music where not a sound can be heard except the strains of the instruments? That is the case at Wiesbaden. In the season it is the garden spot of the world, and it is the most orderly city I have ever seen. I am sorry to say

it, but I love Wiesbaden better than I do my own home city of New York or any other city in this country."

**Handy Hints.**  
"Always scale fish under water," said a model housekeeper to me the other day. "then the scales do not fly all over everything."

When cooking cauliflower, salt the water in which it is boiled and it will help to season it.  
To peel tomatoes without scalding them, rub gently all over with the back of a paring knife. Then the skin will peel off easily without any of the flesh of the tomato adhering to it.  
A handy preparation for bleaching white things and removing spots and stains is javelle water, made by dissolving half a pound of washing soda in a pint of boiling water, and mix with it a quarter of a pound of chloride of lime dissolved in a quart of boiling water. Stir well together, let settle, and pour off the clear liquid. Keep closely corked in a dark place. It must not touch colored surfaces, as it is certain to fade them.

As the rainy season comes on, if you have a damp cellar, make cheese-cloth bags and fill them with powdered slacked-lime mixed with plaster, and hang them against the walls. Both lime and plaster are so thirsty that they absorb all spare moisture, thus preventing rust and mold. Powdered charcoal may be mixed with the lime and plaster if the bags are to be hung near foodstuffs.

**A Digestive Time Table.**  
The fireman on a railroad train feeds fuel to his engine in accordance with the amount of work it must do, and the number of cars it must haul and the speed it must make. If we would apply the same rule to the feeding of the digestive engine and put into the stomach the sort of foods not adapted to the kind of work required, we would get better results than from haphazard system of stoking this human furnace with any sort of fuel that comes handy or appeals to the eye and appetite.  
A wife who has given special attention to this value of foodstuffs has grouped them according to the time taken for digestion into classes. For

instance, if the average brain worker needs to draft his full surplus of blood to the brain, he picks foods that are quick digestion. Baked fish, asparagus, celery, mango, spinach, baked or steamed apples and shipped raw eggs come within the list of foods which may be digested within an hour and a half. Foods which take longest for digestion should be picked for the evening meal, after the day's work is over.

## A New Breakfast Food.

Speaking of foods reminds me of a story a friend who has just returned from the exposition at Seattle is telling me. It seems that Tacoma is not leaving a stone unturned to get as much advertising as possible out of the exposition and has posted up all over Seattle notices reading "You'll like Tacoma." A couple of eastern tourists were overheard one day discussing this strange notice and wondering what it could mean. "Tacoma?" they said, "what is Tacoma?" Finally the husband solved the problem by remarking, "I'll tell you what it is, mother. It's some of those new-fangled breakfast foods."

## Big Book in Small Space.

A new dictionary has been compiled—the first that has been built anew in nineteen years. I believe, all others having been reprints or condensations of those compiled long ago. To this new lexicon has been applied the same system that Bible publishers have applied in getting out the flexible Oxford Teachers' Bibles and we therefore have an unabridged dictionary of over 1200 pages of the same paper printed in good, legible type in a book not two inches thick and measuring seven and three-quarters by five and one-eighth inches in size. Space has been economized by paragraphing only the root words, and running their derivations in bold-face type. In the same paragraph, instead of separate paragraphs as has been the custom of dictionary-makers heretofore. Thus, through the two agencies of paper and typesetting it has been possible to compress a two-pound volume which can be bent double in the hand, the contents of the unabridged dictionary of common use. The dictionary is thoroughly up to date and contains many words not found in the old editions, and for household, office or school use is ideal.

## New Hair and Hatpins.

Among the newest hatpins recently sent over from Paris are mammoth dragon, fish, beetle and four-winged bugs duplicated in ridges glass and metals of various hues or carved horn and ivory. The head, hair and claws of these insects are usually of metal, while the eyes are of pearls, garnets or emeralds. Cuckoo and halcyon are another novelty, some mounted on white composition and colorless, while others are set upon a peculiar metal which changes color, blue or rose shades upon the glass according to the position in which the pin is held. Among the pure white pins are some shaped like long, slender spikes, flat squares or spears incrustated with rhinestones and some have a ball top with another sphere suspended from it by means of a tiny chain.

## A Few Fall Fads.

Hand bags and belts of finely-woven white twines are the newest accessories of the white costume.  
With a white-embroidered muslin robe a hint of color is effective, and green is a favorite choice.  
Black velvet-bearded wheat in sheafs are the newest trimming on hats for middle-aged ladies.  
A headgear feature is the jeweled, embroidered cap, arranged with a large, eccentric feather at the side. Silk scarves and some of the heavier Ottoman weaves in silk are to be made up in dressy fall street costumes. Handsome knotted silk fringes are moving this season and form the nat-

ural trimming for the embroidered cape.  
Some of the gayest colored linen gowns are of the simplest treatment with collars and cuffs of plain white linen.  
Even fall-dress costumes are to clear the ground if the latest edict in Paris, abolishing all trains, is obeyed.  
In the different blend laces and in Machine many exquisite costumes are made up.  
Among the coats that are practical as well as beautiful, those of heavily ribbed and knotted shantung silk are noticeable.  
Established tones of colors to be worn this season are Maize, Cerise, Blue, Lime Green, Linden Green and King's Purple.

## THEATRICAL TROUBLE.

Oliver Morosco Cancels "The Girl from Rector's," and Northern Attorneys Prepare Injunction.

Meets, Marshall and Smith, San Francisco attorneys representing Fred Fleck, manager of "The Girl From Rector's," company, called upon Manager Oliver Morosco yesterday afternoon and threatened not only a damage suit, but injunction proceedings as well, in case Mr. Morosco persists in his announced refusal to permit "The Girl" to be played at the Majestic Theater week after next, the attraction having been booked into the Majestic for that week by John Cort.

Last week, Mr. Morosco wired, Fleck in San Francisco canceling the time. He did so, he admits, on the strength of the San Francisco newspaper criticisms, which "roasted" the show in its uncertain terms on the grounds of its alleged immorality. Mr. Fleck, in reply, refused to accept the cancellation, denied the accuracy of the papers, invited Mr. Morosco to come North and see the show for himself, and in the end threatened suit, a threat which apparently he purposes to carry out.

In Mr. Morosco's office yesterday afternoon the San Francisco attorneys produced a statement alleged to have been made by Dist. Atty. Langdon and Chief of Police Cook, both of whom say "The Girl From Rector's" in their official capacity, and both of whom declared it to be within the law governing theatrical performances in California. They admitted that the comedy might justly be termed spicy or risqué, but denied that it is "naughty" as one paper said. Furthermore, they said Mr. Fleck had been advised two weeks before he arrived in San Francisco that the papers would "jump on" him, as the result of a local feud.

As a result of the attorney's statement, another long telegram was sent to John Cort in Chicago last night. Mr. Morosco answered to accept his arbitrator. Extracts from the "Frick" papers were wired to Mr. Cort, and the same time Mr. Morosco argued him not to be influenced in his decision by threats of suit, declaring he would rather pay any possible damages that a court might assess against him than play an attraction as bad as the northern papers have declared "The Girl" to be.

In case Mr. Cort holds against the booking, however, the matter will go to the courts for final adjudication. The San Francisco legal high jinks served notice yesterday that if a refusal to abide by the terms of the contract is insisted upon, that will begin injunction proceedings to prevent the playing of any other attraction at the Majestic during the week. Thus, in either event, it seems likely that Cort & Co. will move on at the expiration of next week.

## Hay's Hair Health

DYEING IS TEMPORARY—  
OFTEN INJURIOUS—THIS  
REMEDY SIMPLY BRINGS  
BACK THE YOUTHFUL  
COLOR AND BRILLIANCE  
OF GRAY, FADED HAIR.

Thousands of people are uselessly classed as old, and thousands really grow old before their time—simply on account of gray hair. Their friends and associates tell them they are growing old, and after a while they really believe it. Don't you think it is your privilege and duty

to look as young as you feel, and to keep from growing old just as long as you can?

Use Hay's Hair Health and look young—and therefore feel young. It isn't a dye—it won't injure your hair and nobody will know you are using it. It doesn't color—it cures. It quickly and unfailingly restores the natural color and beauty of the hair—brings back its youth, lustre, softness and brilliant luxuriance. It stops the hair from falling out and removes dandruff. No matter how old and faded your hair looks, no matter how long you have been gray—Hay's Hair Health will work wonders for you.

FOR STATE DIVISION.

(Continued From First Page.)

of the day against division. He was interrupted several times by the over-whelming opposition and was unsuccessful in securing the adoption of his motion to strike out from the Mar-shall resolutions all reference to State division.

"You may denounce the equalizers as much as you choose," he said, "but the portions of the resolution relating to State division are not well advised. This increase in the assessed valuations has shocked the moral sense of the community, but I hardly believe division of the State is the remedy."

"This isn't an age of disintegration. There is no provision by law for dividing the State. This agitation simply will lead to the embitterment of one section against the other. We need the people of Northern California, and they need us for the working out of our common interests."

"As Mr. Clark has said, the acceptor of power will soon be in our hands. The southern counties, from Santa Barbara and the Tehachapi to San Diego, within a few years will lead the northern counties in population. Then we will need the northern counties as back country for Los Angeles. It would be the height of folly for us to cut ourselves off from the rest of the State, even if we were to succeed."

of the fourteen southern counties that have been hit by the equalizers. The resolution, as adopted, declared in favor of State division, though Mr. Wheeler and several others urged that it was unnecessary to make so strong a declaration at this time.

DELEGATES CHOSEN. As delegates from yesterday's meeting, the following were named, the number being made eleven for good measure: Will D. Gould, A. E. Pomerooy, A. J. Walker, T. E. Gibbon, D. A. Hamberger, Richmond Plant, H. J. Jevne, G. J. Lang, J. M. Quinn, S. G. McShane and J. H. Ripley.

Acting President Blue of the Realty Board was unable to say just what date will be decided upon for the consideration of the question of division, but he said that the question will be decided within a few days. It had been expected that a general discussion of the increased assessment in Los Angeles would be held, but no time was found, and some of the figures that had been prepared were not mentioned. These figures show the valuation of certain parcels of property in the city, as determined by the investigation conducted by the Realty Board, also the indicated valuation fixed by the Board of Equalization. Here are some of them:

Southwest corner Seventh and Spring streets; conservative value \$400,000; State board's figures, \$600,000. Southwest corner Second and Main streets; conservative value, \$200,000; State board's valuation, \$250,000.

Northwest corner Third and Main streets; conservative value, \$180,000; State board's figures, \$250,000. One and one-half acres on Adams street; conservative value, \$22,000; State board's figures, \$30,000.

The State board assessed the property at the southwest corner of Spring and Eighth streets at \$200,000 a front lot. It is stated that the property is at a rental that will pay interest on a valuation of \$200,000 a front lot.

As to the report by the State board's "expert," Varcoe, that \$600,000 had been assessed for the southwest corner of Spring and Eighth streets, a flat denial is made by the owner, and an affidavit has been prepared showing that property in that section is worth much less than the figures fixed by the equalizers.

# Lively Presentation of the Day's Interesting Happenings in Los Angeles County.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

## MAYOR WON'T BE IN HURRY.

Will Take His Time Choosing Police Chief.

Sunset Telephone Company May Lower Rates.

Deal for Postoffice Site Is to Go Through.

Office of The Times, No. 25 S. Raymond Ave.

PASADENA, Sept. 11.—Mayor Earley stated after the meeting of the commission yesterday afternoon, at which the resignation of Chief of Police Favour was accepted, that he will not announce the successor until October 1, the day the resignation becomes effective.

"I cannot say that an announcement is necessary until Favour's resignation becomes effective, and as a matter of fact I assure you that I have not decided upon a man as yet," said the Mayor.

"Before I do so I wish to discuss available men with the City Commissioners and go over the matter thoroughly. I intend to take my time and make no mistake."

Favour's resignation was distinguished by its brevity. It reads: "To the Honorable Mayor and Board of City Commissioners—Gentlemen: I respectfully tender my resignation as Chief of Police to your honorable body, said resignation to take effect October 1. Thanking you for past favors."

Favour was appointed soon after Mayor Earley's election in May, 1931. He is a native of New England and was for some time a patrolman prior to his advancement. He is an advocate of the golden rule system of disciplining first offenders whenever possible. He will leave with his family for Oregon October 1, where he intends to take up ranching.

SEELY INSPECTS.

C. M. Seely, division commercial superintendent of the Pacific Telephone and Telegraph Company, visited Pasadena yesterday on an inspection tour of the local plant. He announced that while the city has no right with the city, certain improvements in the local system must await the decision of the suit now being brought by the company.

He added that more favorable rates are being considered along three lines: the placing of four-party subscribers on two-party lines without an increase in the present rate of \$1.50; the placing of two-party subscribers on individual lines without an increase of the \$2 rate; and the reduction of the individual \$2.50 rate to \$2.00, with a corresponding increase in the decision of the highest court, as was the proposed plan for a new and bigger station in Pasadena.

PASADENA NEWS LINE.

Dr. L. H. M. de Bion, a director of the Pasadena Humane Society, visited here yesterday accompanied by a girl of 12 years on crutches. She had been injured in a fall from a tree in the course of a \$15 artificial limb for this girl, she having been supplied by her father, who had been a resident of the city for many years.

Dr. de Bion said that the girl, who is now in the hospital, was the result of a railroad accident four years ago.

SITE SETTLED.

According to D. M. Linhard, manager of the Hotel Maryland, the postoffice site on East Colorado street has been all arranged for the deal with the government is to go through without a hitch. The government agreed to pay \$50,000 for the land, and as it was worth more than this it was necessary for the section to be benefited by the addition to work to land with the building on North Raymond avenue.

GIVES VALUABLE MEDAL.

Capt. Daniel McLaughlin, sole survivor of the landing party which raised the American flag in California for the first time, is to present to the public library the valuable medal marking the event. A bronze medal four inches in diameter was ordered by Congress for the landing party, and Capt. McLaughlin has the honor of being the only one of the party who is still living.

## OCEAN FRONTAGE MIX-UP.

Santa Monica City Council Receives Petition Advising Purchase of the Property.

SANTA MONICA, Sept. 11.—The matter of the private ownership of the ocean frontage of the city, which the City Council tonight in the form of a petition, this contained the names of 113 property owners and represented a property valuation of several hundred thousand dollars. The signers represented to the Council that they are the owners of property along the beach front or adjacent to it, and that at the time of purchase by them it was the general understanding that the portion of the ocean beach lying between the sidewalk and the sea from the roller coaster north to the Hollister-avenue pier belonged to the city of Santa Monica and had been dedicated for public use or for park purposes.

The petitioners state that it was their understanding that \$500,000 for the frontage immediately north of the coaster and 300 feet lying just south of the roller coaster had been donated by private parties, who are about to erect buildings on it. The contention is that one of the principal elements of value of beach property lies in the fact that it is adjacent to an open ocean beach, and that that value would be necessary to the city if the beach were cut off. The petition carried the suggestion that if the frontage property can be acquired by the city it should be done before any improvement is placed upon it, as such would necessarily add to the cost of the property.

The petitioners state that they believe it would be to the interest of the city to purchase the property in question and dedicate it to public use.

The matter was tonight referred to the committee of the whole. Later it was given consideration by that committee, and it was reported to the Council, which referred it to the City Attorney, and the Mayor for report. To acquire the property by purchase would mean the expenditure of \$500,000.

The Journal was tonight awarded the contract to do the city printing for the month of September, at the rate of 15 cents per inch. The only other bid was that of the Outlook, whose price was 40 cents. The contract was awarded to the Outlook.

R. H. Hail this morning confessed in Justice of the Peace George J. Court that he was guilty of having stolen a charity box in the Catholic church. The box netted him about \$12. He was looking for a fine of \$100, but the judge, being unable to furnish bail in the sum of \$100, was sent to the County Jail.

Southwest Missouri Conference Votes to Accept No Members Who Will Not Give It Up.

[ST. LOUIS WIRE TO THE TIMES.] KANSAS CITY (Mo.) Sept. 11.—[Exclusive Dispatch] The Southwest Missouri Methodist conference here today adopted the report of the Committee on Memorials, suggesting that a law be passed prohibiting the use of tobacco by any prospective member of the conference who volunteered to discontinue the habit. At the end of the committee's report were those of the conference who opposed the recommendation, and when the first vote on it was taken by Bishop Warren Candler, the eyes and nose were declared seemingly divided, whereupon it was adopted by a standing vote.

## PASTOR IS TO RETURN WEST.

DR. RYLAND TO RE-ESTABLISH AT HOLLYWOOD.

Will Be Admitted to Methodist Episcopal Church at Forthcoming Conference and Resume Ministry in the Forthill City-Schools Reopen for Fall Term.

HOLLYWOOD, Sept. 11.—The Methodist Episcopal conference, which will meet in San Diego on the 23rd inst., will receive the application of Rev. E. P. Ryland for admittance. As soon as he is accepted, he will get a formal call from the First Methodist Church of this city, and will undoubtedly be assigned here.

Dr. Ryland is, at the present time, a member of the Southern Methodist conference, with a charge at Houston, Tex. He left here last spring to take charge of the Texas church. Prior to that time he was for three years pastor of the Methodist Church, South, of this city, which he had been known as Dr. Ryland since he came to Hollywood.

Several weeks ago it was learned that Dr. Ryland was anxious to return to this city on account of the wife's health, and since that time his friends have been working to bring this about. Yesterday a telegram from Dr. Ryland said that he had decided to return to the Methodist Episcopal church.

SCHOOL REOPENINGS.

SOREHEADS ARE NOT SO STRONG.

WILMINGTON CHRONIC KICKERS ARE VERY WEAK.

Mongrel Combination Close to Disintegration—Taft Republicans Have No Fear of the Trifling Opposition of Lincoln-Roosevelt—Office-Seekers Discuss Outlook.

WILMINGTON, Sept. 11.—The municipal political pot is beginning to bubble. There will be a weak remonstrance against the Taft Republican ticket on the part of certain Lincoln-Roosevelt voters, but this faction, a mongrel combination of Democrats, soreheaded Republicans and chronic kickers, will not develop the strength it did a year ago. Even then it ran behind the regular organization, and now that this little city is a part of Los Angeles and is to take her rightful place in the political councils of the greater city, it may safely be said that it will be a very weak opposition.

## SHOWS AN INCREASE.

Enrollment in Persons Schools Larger Than Ever Before—Strong in Athletic Material.

MONROVIA, Sept. 11.—The public schools opened this morning with an enrollment of 450 pupils in the grammar grades and 140 in the High School. Twenty-five teachers, under Prof. E. E. Knepper, supervising principal, reported for duty. The attendance shows an increase of 10 per cent. over last year, and Prof. Knepper expects this to reach 20 per cent. during the next four weeks. Manual training will be introduced in the grammar grades, and Friday afternoon will be devoted to the study of the English language. The buildings have been thoroughly renovated and the grounds greatly improved with lawns, shade trees and shrubbery.

PUPILS in the High School are ranging for the opening work on the athletic field and most interest will be taken in the formation of teams. The basketball team will begin practice tomorrow. Football, baseball, golf and tennis will also be organized. The school has already been selected for this team and a number of promising aspirants will be tried out for fifth place in the state tournament.

## WILL TRY GRIT OF FISHERMEN.

WINTER ANGLING TOURNAMENT TO BE ARRANGED.

Catalina Tuna Club to Inaugurate Competitions Which Will Test Skill and Endurance of Red and Reel Enthusiasts—Bostonian Fishes Tuna After Dark.

AVAILON, Sept. 11.—At a special meeting of the Catalina Tuna Club today, it was decided to inaugurate a winter angling tournament to extend from October 1, 1934, to May 1, 1935. The fishery will be confined to the waters of Santa Catalina Island. Gold and silver medals will be given for the largest catches of tuna, yellowtail, albacore, and white sea bass. A medal will also be given the angler catching the largest rockfish, sea bream, or any standard tackle used. Boatmen for anglers catching record fish will also receive prizes.

For services rendered, Thomas M. Anderson, secretary, was elected a life member, and so was Prof. C. F. Holder. Charles V. Barton of Los Angeles was elected an active member. He was corresponding secretary.

It is expected that rod and reel fishing will be greatly stimulated by the additional inducements to anglers during the winter months. In past years, unless a fish was caught before dark, it was not counted. In the new regulations, a fish will still remain to be counted for during the summer tournament.

NO CHILD'S PLAY.

Fishing with rod and reel during the winter months from a small launch, with a stiff easterly breeze lashing the sea, is so child's play, and after one hooked a monster, which is good for a bottle of beer, the effort should be rewarded, at least, by the members present at the tournament. With the return of the winter months, more fish will be caught this winter than for some time.

"MORE SPORT, LESS FISH."

A report reached here today from San Clemente Island that, although fishing has been poor for the past few days, the Pinchot-Pint party is having an exceptionally fine success. "More sport, less fish," were the last words uttered by Mr. Pinchot as he left the island. An exclusive report from the island was given to the Catalina Tuna Club. The party was given to the Catalina Tuna Club. The party was given to the Catalina Tuna Club.
